Get your citizen scientist hat on!

Join us for one or both parts of
our rapid bio-assessment:

10am-noon: Sun Valley Trailhead
(across from Winding River Campground)

1-3pm: Lorens Fishing Ranch
(12224 Hwy 34 near Grand Lake Plumbing)

Learn what the aquatic insects in our local
waters can tell us about water quality!

All ages welcome. Come prepared with sun protection,
water, snacks (or a lunch!), and your curiosity!

For more information about our Bug Blitz:
